Approval of minutes was motioned, seconded and passed unanimously.

OLD BUSINESS

1. Suggestions on Alternate Members. No suggestions at this time. Richard Thomas has some contractors in mind. He will speak with them about joining the Board. The Board feels that it is not so much a need for alternates if there are more regular Board Members.

NEW BUSINESS:

1. Will deal with grandfathering issue on case by case until 2009 Codes are available to review.
2. Will review current contractor license classifications again when more information is available.
3. Will review current contractor license fees after more information is available.

No public comment

BOARD DISCUSSION:

1. The Board discussed whether it is necessary to add a new Solar Energy/Alternate Energy contractor classification. Will look into other jurisdictions and review the need locally.
2. The Board started a discussion on how to deal with unlicensed contractors working within city limits and property owners using their services. Asked members to think about the issue and will further discuss at a later date.
